

GALA PICNIC OF MERCHANTS OF CITY AUGUST 1

**Parade Will Start From City
Hall Sunday Morning
At 9 O'Clock**

On Sunday, August 1, one week from next Sunday, the Daly City Merchants Association picnic will stage their ninth annual picnic at Oak Cove Park in San Mateo County. The park may be reached by driving south on El Camino Real and turning right at Mills Memorial Hospital. The road will be plainly marked where a turn to the left is made to reach the park.

Each year's picnic has been bigger and better than the previous one and this year it is expected the best ever staged will be enjoyed by one of the largest crowds ever to assemble at such a function.

There will be games galore for the children and grownups, to the win-

MOTION PICTURE STAR ARRIVES FOR PREVIEW

**Colleen Moore To Witness
Showing Of Her Famous
Doll House**

Colleen Moore, famous motion picture star, will arrive in San Francisco, tomorrow (Saturday), to attend the preview showing of her \$435,000 world-famous doll house, which will be held next Monday evening in the O'Connor, Moffatt & Company building.

Miss Moore's fairyland castle, which will be exhibited here for the benefit of crippled children, arrived earlier in the week and comes to San Francisco on official invitation from Mayor Angelo J. Rossi.

The miniature castle, which is nine feet square and twelve feet high, will be publicly exhibited from July 27 to August 11. Net proceeds will be officially received and equally distributed by the Community Chest among major San Francisco hospitals and agencies aiding crippled children.

The doll house, which has been termed the world's most exquisite toy, has been viewed by over five million persons in New York, Chicago, Philadelphia, Detroit, Los Angeles and other major cities. It is well on its way to raising its goal of one million dollars to aid crippled children to regain health and happiness.

Over two thousand miniature furnishings, crafted by hand and rich in jewels and precious metals, are contained in the doll house's series of rooms, which are completely equipped.

Murals by famous artists; stamp-size books, written by renowned authors in their own handwriting; a golden pipe organ that plays and a bejeweled chandelier lit by electric light bulbs no bigger than grains of wheat are among its features.

The opening program will be broadcast and Miss Moore will personally greet preview guests.

DALY CITY BAND HAS WONDERFUL FREE CONCERT

Party Leadership Given to Barkley

Senator Alben W. Barkley of Kentucky, who served as assistant to the late leader, Senator Joseph T. Robinson of Arkansas, this week won the Democratic leadership of the Senate by the narrow margin of a 38 to 37 vote. He was chosen over Senator Pat Harrison of Mississippi. Barkley was supported by friends of the Roosevelt court bill. Harrison had the backing of those against the bill.

CONVENTION OF STATE MOOSE IS GALA AFFAIR

Governor And Mayor Welcome Delegates — Varied Entertainment Enjoyed

The fourth annual convention of the California Moose Association opened at Sacramento, Thursday of this week.

Delegates were welcomed to the four-day meeting by Governor Frank F. Merriam and Mayor Arthur D. Ferguson of Sacramento.

Representatives of the 141 Moose units in California competed Thursday evening for the state ritualistic championship.

Business sessions Friday were presided over by President Ralph F.

Second Holdup Nets Only 27 Cents

A holdup occurred on the Junipero Serra boulevard, near Daly City, at 10:45 p. m., last week Saturday, when a motorist in a parked car was accosted by a bandit, with a "nickel plated" gun.

The robber received for his pains only 27 cents and a black English leather wallet.

This same gun, according to the report given by Sheriff James J. McGrath, was used in another recent robbery in San Francisco.

COUNTERFEIT STAMPS

When government agents raided the alleged bootlegging establishment of Antonio Petri at Brisbane, they found not only a quantity of moonshine liquor but three thousand counterfeit United States Internal Revenue strip stamps also.

United States Commissioner Ernest E. Williams this week held Petri must face the Federal Grand Jury on a charge of counterfeiting, as well as for possession of illicit liquor.

FUTURE FARMERS ARE DEDICATED SPECIAL DAYS

**Junior Division At State Fair
To Be Featured At
County Exhibit**

Increase by \$3000 in premiums in the junior division of the California State Fair is expected to attract a greater number of boy and girl exhibitors at the California State Fair this year, September 3 to 12.

Special days will be dedicated to the organizations of Future Farmers of America and 4-H Club boys and girls. Junior division premiums, general awards, prizes and purses total \$150,000.

The farm machinery show will permit a comparison between implements of 70 years ago and modern equipment.

At last week's session the board of directors was informed that the Siskiyou County miners are planning to charter a special train to the fair.

September 9 will be University of California Alumni Day, when former students of the University will assemble at the fair for a state-wide home gathering.

Press Day will be celebrated Saturday, September 4.

BRISBANE YOUTH BREAKS WINDOW S P STREAMLINER

**Passengers Injured When A
Rock Shatters Glass On
Moving Train**

Overcome by an irresistible impulse to throw rocks at a passing Southern Pacific streamline train on Friday, July 15, a Brisbane youth, Max Coffin of 267 San Benito avenue, caused severe damage when one of the rocks struck a window, shattering the glass and resulting in severe cuts and shock to passengers seated at that particular spot.

Upon investigating, authorities announced that the injured persons were suing the Southern Pacific for damages, and that it might result in Max Coffin going to the reform school.

LOCAL RAGERS WIN AT SOUTH SAN FRANCISCO

**County Greyhounds Show
Supremacy At Baden Ken-
nel Club Track**

Despite the fact that ace racing kennels from all over the country have assembled here for the Baden meeting, the honors are held by San Mateo county owners, a check of the records revealed today.

Nominated for the mythical title of "champion" is Andrew's Pride, bred and raised at Colma by P. J. Olmo. Winner of the Inaugural handicap and several other title events, the big son of Cattle King appears to be one of the fastest and cleverest racing dogs in the country. Paired with him is his brother, Mike Andrews, also from Olmo's Colma kennel.

Runner-up is Doctor Vance, two year old owned by E. B. Pate, Burlingame business man. Doctor Vance won the Fiesta Derby and is coming along fast.

Two of the fastest sprinters at the track come from Redwood City. One is Stepping Lad, owned by Mrs. H. E. Mason, and the other is Royo Honda from the Hidden Valley kennels, trained by Charles F. Narramore.

The McCrays, also of Redwood City, promise to become one of the most popular of the greyhound racing families. J. W. McCray has the Redwood kennels; his wife, Mrs. M. J. McCray, has the Pecos Valley kennels, and their son Vaden owns the Honda kennels, each with a well balanced string. Honda Kennels is quartered at Visitation Valley.

Farther down the Peninsula is Mike Callahan at Palo Alto, with two dogs which may win top rating before the season ends. His two best are Dreamy Dick and Ritzzy Blue, sired by Ralph Agricola.

Al Cody, with the Golden Poppy Kennel in Mountain View has Beau Barry, another championship contender in both the futurity sprints and the hurdles.

ROGERS SHRINE TO BE MADE INTO SINGING TOWER

**Westminster Chimes And
Vibra Harp Will Send
Out Amplified Notes**

The beautiful Will Rogers Shrine of the Sun, near Colorado Springs, Colorado, is to become one of the most unique singing towers in the world. Spencer Penrose, who has built the granite memorial on Cheyenne mountain, half a mile above the Broadmoor hotel, is now having installed an elaborate system of Westminster chimes and vibra harp which can be operated automatically or through a console on which concerts can be given.

The silvery notes will be amplified and sent out over the entire Pike's Peak region. Westminster chimes will be heard on the hour and each quarter hour, starting with the songs of the birds at dawning of each new day and continuing until 11 at night when they close the day with a hymn. After dark, floodlights will illuminate the shaft like a jewel set in velvet. The lights will come on gradually ten seconds before the song of the chimes, and thirty seconds after the last note has been lost in the stillness of the night the light will be dimmed to extinction.

The singing tower will be in readiness for formal dedication of the shrine on September 6. Almost two years have been required to complete the memorial. Friends of the late Will Rogers from all corners of the nation are preparing to be present for the dedication. Special trains from California, Texas, Oklahoma, Kansas, Missouri, and Illinois are to carry thousands to the shrine for the dedicatory service to be held at 11 a. m. on September 6, Labor day.

Because Will Rogers was the dean of cowboys, a world-wide Will Rogers Memorial rodeo will be held September 4, 5 and 6 on the Broadmoor hotel polo grounds, just below the shrine. The opportunity to memorialize Will Rogers in the rodeo arena is attracting the world's leading cowboys. The Pike's Peak Polo association is offering handsome trophies and \$15,000 cash prizes.

Pitching Of Becker Of The
Tigers And Home Run
By Becker Are Features

The Daly City Tigers won their second straight game last Sunday by trouncing the Apollo Boys Club, 15 to 7. Ernie Berg pitched a good game, allowing but six hits, but because of three regulars being missing from the lineup four unearned runs were scored off him in the fifth inning.

George Becker hit a home run in the seventh inning with two men on bases. He also got two singles. Poppo and Marefes each got two hits for the losers.

Johnny Fitzgerald turned in a beautiful play at deep short, to throw his man out in the fourth inning.

Daly City Tanforan Jrs. Triumph Again

The local boys won their eighth game of the season last Sunday. They beat the strong Geneva Merchants at the Jefferson High School grounds by a score of 5 to 4, the game going ten innings.

George Regghanti pitched an exceptional game, allowing only eight hits in ten innings.

Pete Pastorino, center fielder, made one of the best catches ever made on the Jefferson diamond to hold the score a tie to the beginning of the tenth. He also sacrificed two runs across the plate to help win the game.

In the last of the tenth Joe Lucia started the barrage with a double. Harry Krohn sacrificed Joe to third and Sam Luccia, who made three of the nine hits gathered by the local boys, got a clean blow into left field to bring the winning run across the plate.

Just A Moment

"I am trying," said the stranger at the door of the seaside boarding-house—"I am trying to trace a lady whose married name I have forgotten. All I know is that she lives in this neighborhood.

"But she is easily described," he went on. "She is a lady of singular beauty and charm, with a pink-and-white complexion, ears like seashells, eyes like the stars, and hair such as a goddess might envy."

"I'm sorry, sir," said the little servant-girl. "But I don't know—"

Suddenly a voice came from the top of the stairs: "Jane, tell the gentleman I'll be down in a minute."

With rapid pace it brings one to the present day through the eras of Faraday, Ohm, Gramme and Edison. With dramatic swiftness the significance of TVA and its bearing on the present and future generations is evolved.

There are nearly 100 members in the cast. Twenty-two kaleidoscopic scenes are worked on and off before the eyes of the audience. Nearly every means of theatrical presentation is used, including motion pictures, stereopticon projection, voice amplification, music and even masks.

The current play "The Pursuit of Happiness" will close, according to present plans, on July 31, after which the Alcazar will be dark for eleven days. It is one of the most popular plays yet produced by the San Francisco Federal Theater Project.

Daly City Wildcats Win Third Straight

The Daly City Wildcats won their third straight game when they beat a good team in the Dolores A. C. 8-6. The game was well played by both teams.

Bill Preston, Daly City pitcher, got off to a bad start when four runs were made in the first inning, but after that was very effective and only allowed two more runs to cross the plate. The Daly City team scored six runs in the last inning, with a lot of zip in their hits, to sew up the ball game.

The leading slugger for Daly City was Dick Schultze with a perfect day at the bat, getting three for three.

EFFECT OF NEW TRAFFIC LAWS IN ARREST CASES

LICENSE LAWS FOR DRIVERS ARE CHANGED

Changes in law regarding the handling of traffic arrest cases with a view to simplifying court procedure and expediting hearings were made at the recent session of the state Legislature. They will become effective August 27, following the signing of the measures by Governor Merriam. Some of the principal changes are:

Immediate filing of a complaint will be required where an arrested person is taken before a magistrate. The purpose is to assure a prompt hearing.

All citations issued for "excessive speed" will have to be specific to the extent of stating the "approximate speed" at which the arrested person was alleged to be driving, as well as the legal speed permitted in the locality.

Courts will be authorized to proceed with trial of a traffic arrest case where the defendant is absent but represented by counsel. Judgment may be pronounced in the same manner as though the defendant were present. Provision is made for entry of a plea of guilty by mail where the defendant's signature is acknowledged before a notary. These changes are designed to facilitate the disposition of traffic arrest cases.

Justices of the Peace will be required to report traffic law convictions to the Department of Motor Vehicles and payment of their salaries will be contingent upon the filing of such reports. The purpose is to make more complete the system of records that enables the Department to proceed with suspension or cancellation of drivers' licenses or to require re-examination, all with a view to eliminating dangerous types of drivers.

The same penalty of up to \$1000 fine or a year in jail, or both, for operating a vehicle after a license has been suspended is applied to a person who has been refused a license and continues to drive.

Probationary licenses for first offenders guilty of misdemeanor drunk driving are provided. The probationary license is not available to those convicted of felony drunk driving, where accident and injury has occurred. The term of the probationary license is one year with restoration of regular license dependent upon the driver's record.

Minors 18 years of age or over who have been married are relieved of the necessity of securing signature of parents in order to obtain a driver's license. Issuance of a license to a married minor under 18 years old is permitted upon signature of parent or adult spouse.

Parents are authorized to give written permission for a minor's license and avoid personal liability if the minor gives proof of ability to respond to damage claims.

USE OF CLUTCH

With proper use, the clutch should last for the life of the average car.

The clutch in present day cars is built to engage and disengage without jerking or jarring the car. If it does not perform smoothly the trouble is most likely due to the manner in which it is used rather than its construction.

EXPERIENCED HOUSEWIFE CLUB

(By Maude Larue Ives)

YELLOW TOMATO PRESERVES

(From Mrs. F. Rickmann)

- 1 pound yellow tomatoes
- 1 pound sugar
- 2 lemons (sliced)

Wipe tomatoes, cover with boiling water and let stand until skins can be easily removed. Add sugar; cover and let stand over night. Pour off syrup and boil until medium thick. Skim, then add tomatoes and lemon. Cook until tomatoes have a clarified appearance. Seal in clean, hot jars.

INDIVIDUAL SAUSAGE PIES

(From Mrs. M. White, 50 Theta avenue)

- 2 cups flour
- 1/2 teaspoon salt
- 2 teaspoons baking powder
- 2 tablespoons shortening
- 2-3 cup milk
- 3/4 pound sausage
- 4 tomatoes

Sift dry ingredients; add shortening and milk. Turn out on floured board and knead lightly until outside looks smooth. Roll 1/8 inch thick. Cut eight 4-inch squares. Divide sausage meat into 8 flat cakes, 1/4 inch thick. Put one sausage cake on each square of dough. Fold edges of dough around edges of sausage. Put 1/2 peeled tomato on top of sausage. Sprinkle with salt. Lay on baking sheet. Bake in hot oven at 425 degrees about 20 minutes. Serves 8.

WALNUT WAFERS

(From Mrs. H. Elmers)

- 1/2 pound brown sugar
- 1/2 pound walnuts (chopped not too fine)
- 3 heaping tablespoons flour
- 1/4 teaspoon baking powder
- Pinch of salt
- 2 egg whites

Beat egg whites stiffly and add last. Drop by teaspoonsful on cookie sheet. Bake in moderate oven until nicely browned.

WHITE CAKE

(From Mrs. E. M. Dorn, 2 Risel street)

- 1/2 cup butter (1 cube)
- 1 1/2 cups sugar
- 4 egg whites or 2 whole eggs
- 3 scant cups sifted flour
- 2 teaspoons baking powder
- 1/2 teaspoon soda
- 1/2 teaspoon salt
- 1 cup sweet milk
- Flavor to taste

Cream shortening; add sugar; then add alternately milk and flour into

which has been sifted the baking powder, soda and salt. Add the flavoring and lastly the well-beaten whites. Makes three large layers.

TAFT CAKE

(From Mrs. R. H. Waddell)

- 2 cups flour
- 1 cup sugar
- 1 tablespoon cornstarch
- 2 teaspoons baking soda
- 1 teaspoon salt
- 1 teaspoon nutmeg
- 1 teaspoon cinnamon
- 1 teaspoon cloves
- 3 tablespoons chocolate
- 1 cup chopped nuts
- 1 cup raisins
- 1 1/2 cups sour apple sauce
- 1/2 cup melted butter

Sift all dry ingredients together; then add nuts and raisins; mix well. Lastly add apple sauce and the melted butter. Bake in a moderate 350 degree oven for about 50 minutes.

Migration Of Town To Escape Floods

The oldest town of Illinois, Shawneetown, is closing shop and leaving with bag and baggage for a new site, three miles west of its old location. The people will migrate en masse and start life all over again 400 feet above sea level and out of the reach of the Ohio river floods that have twice worked havoc to the little city in the past twenty-five years.

This move to a greater altitude is in accordance with a suggestion made by President Roosevelt that centers repeatedly ravaged by floods be moved to higher ground. Shawneetown acted at once, although it is estimated that at least two years time will be required to transplant this city of 1400 population to its new level.

Some of the buildings will survive a transfer and will be mounted on trucks to be hauled to the new site. These structures will, probably, be used for winter quarters during the rebuilding period.

OLD FASHIONED

Bill: "I'm learning to fly, Grandma. Pretty soon I can take you to the city in an airplane."
Grandmother: "You will not! When I want to go to the city I'll go in an automobile—the way Providence intended me to go."

Business Better Says Bank Review

Most lines of California business in June advanced over May, carloadings leading the upward move with a gain of 8.4 per cent, according to the current Bank of America Business Review.

Employment in manufacturing industries exceeded that of June, 1936, by 12.2 per cent, while total weekly payrolls rose 24 per cent and average employee earnings gained 10.5 per cent. Compared with the preceding month, June employment, payrolls and employee earnings gained .1 per cent, .6 per cent and .5 per cent, respectively.

For the sixth consecutive month the aircraft industry led the field in

employment gains, surpassing the June, 1936, figure by 74 per cent and registering a payroll increase of 82.3 per cent.

Building permit values in June for thirty-two California cities were \$14,718,668, a recession of 4.6 per cent from the May total of \$15,433,863, but an increase of 1.5 per cent over June, 1936.

AHA!

It was during the impaneling of a jury that the following colloquy occurred:

"You are a property holder?"
"Yes, your Honor."
"Married or single?"
"I have been married for five years, your Honor."
"Have you formed or expressed an opinion?"
"Not for five years, your Honor."
—Edinburgh Dispatch.

Efficiency Gained By CCC Workers

In its four years, the Civilian Conservation Corps has become an institution which many persons maintain would be hard to dispense with. It is not the Army, nor a university, the Boy Scouts nor the police; yet it has been designated to fit in among them all with that particular flexibility which makes it the CCC.

There is an emergency on the highway, and a CCC truck arrives with what the crowd recognizes as authoritative service.

"There is to be a skiing event on the mountain-side, and it is the CCC which prepares a parking space in the snow for hundreds of cars.

A child is lost in the woods, and the CCC boys do scout duty.

Travelers stalled on a lonely road make for the nearest CCC camp; and it is the rule that strangers always stay for supper.

While road building is largely incidental to fire lanes for fire fighting, many roads lead to new beauty spots hitherto inaccessible.

A number of these roads are real feats of building, bitten from the sides of mountains and climbing to dizzy heights. If the corps were disbanded tomorrow, it would be remembered for generations by the CCC roads.

The three-C camps, regardless of any decision of a far-off Congress, are also taking on an air of permanency. What were stark barracks four years ago, are now softened by trees, lawns, flower beds, window boxes and lily pools. With very little in the way of funds, each camp has worked up its own library, theater, recreation hall and classrooms.

Out of "nothing" and out of native materials, the enrollees have "fixed up" the camps. Boys from New Jersey, from Chicago and the West, as they have come and gone, have each contributed to their camp. Individual talent has had full play. Original fireplaces, andirons, rustic furniture, light fixtures, identify each camp. A blacksmith has taught wrought iron work which beautifies one camp and an enrollee with a flair for ornamental printing has captioned even the toolhouse with Old English printing.

A prominent district educational director explains that, actual work is combined with teaching, and "on-the-job" training is followed by "off-the-job" classes after work hours.

"Employers of labor are looking with more favor every day toward the Civilian Conservation Corps as a

source from which to draw reliable employees. They feel that those discharged with a good record of service, and recommended by their camp commander, their project superintendent, and their educational adviser, have already proved themselves dependable men who will work, who will co-operate and obey instructions, and that they are a better risk than young untrained boys out of school who have never been 'through the mill.'"

Want Applicants For Marine Corps

United States Marine Corps recruiting stations on the Pacific Coast are authorized to accept an unlimited number of desirable applicants during the balance of July.

The new men will be assigned duty in China, Hawaii, Philippines and aboard vessels of the Pacific and Asiatic fleets.

Applicants are now enlisted within a few days of application. Those interested are invited to call at or write to the Marine Corps recruiting station, Room 46, Federal Office Building, San Francisco.

Lesson Sermon Of Christian Science

"The truth of the Lord endureth for ever. Praise ye the Lord." These words from Psalms comprise the Golden Text to be used Sunday, July 25, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Truth." Included among the Scriptural selections will be: "For God, who commanded the light to shine out of darkness, hath shined in our hearts, to give the light of the knowledge of the glory of God in the face of Jesus Christ" (II Cor. 4: 6).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "The life of Christ Jesus was not miraculous, but it was indigenous to his spirituality, —the good soil wherein the seed of Truth springs up and bears much fruit. Christ's Christianity is the chain of scientific being reappearing in all ages, maintaining its obvious correspondence with the Scriptures and uniting all periods in the design of God" (p. 270).

HALF-BREDS ADD TO INTEREST OF PASTIME

By J. W. MARCHBANK

Without entering into the moot question of the exact definition of the word "thoroughbred" I am of the firm opinion that the racing of half-breds should be encouraged at district and county fairs. For our present purpose a thoroughbred is a horse registered in the Stud Book of any country; a half-bred is a horse by a thoroughbred from an unregistered mare, or by a pure-bred stallion other than thoroughbred from a thoroughbred mare.

Section B of Rule 68 of the California Horse Racing Board is as follows:

"No horse is qualified to run unless he is registered at the registry office of The Jockey Club, or National Steeplechase and Hunt Association, or Pacific Coast Steeplechase and Racing Association, except that certain races for half-breds may be allowed by the California Horse Racing Board at the State Fair and at county fairs."

Many farmers do not own thoroughbred mares, but have a few others for general utility purposes. With the gradual increase in the number of thoroughbred stallions in the state it would not be difficult to make the services of the progenitors available to at least some of the farmers. All the produce would not be raced at the fairs, but the improvement in the stock would make an altogether favorable impression on the people of the interior. For, next to the thoroughbred, the half-bred animal is of the greatest value to man—on the farm, on the bridge paths, as remounts for the army and in other ways.

What we must guard against above all in our sport is standardization; we must have a novelty now and then, whether it be a hurdle event or a contest for half-breds. Let's have the half-bred struggles first. Later on we may have a few races for jumpers; not a steeplechase to begin with, but a hurdle event.

I read not long ago in an introduction to a collection of famous sporting prints by Henry Alken that he won the hearts of our forefathers a hundred years ago and finds a warm place in ours today, on account of knowing well how to bring into his pictures what is so dear to sportsmen, the healthy and happy-go-lucky atmosphere of out-door pastimes. That's a thought well worth turning over in the mind.

CONVENTION OF STATE MOOSE IS GALA AFFAIR

Governor And Mayor Welcome Delegates — Varied Entertainment Enjoyed

(Continued from Page 1)

Salisbury of Santa Rosa and Gertrude Schmidt, state senior regent of the women's chapters.

Elaborate entertainment for the

several thousand delegates and visitors had been arranged by Oliver Goldblatt, general chairman of the convention and proved very enjoyable.

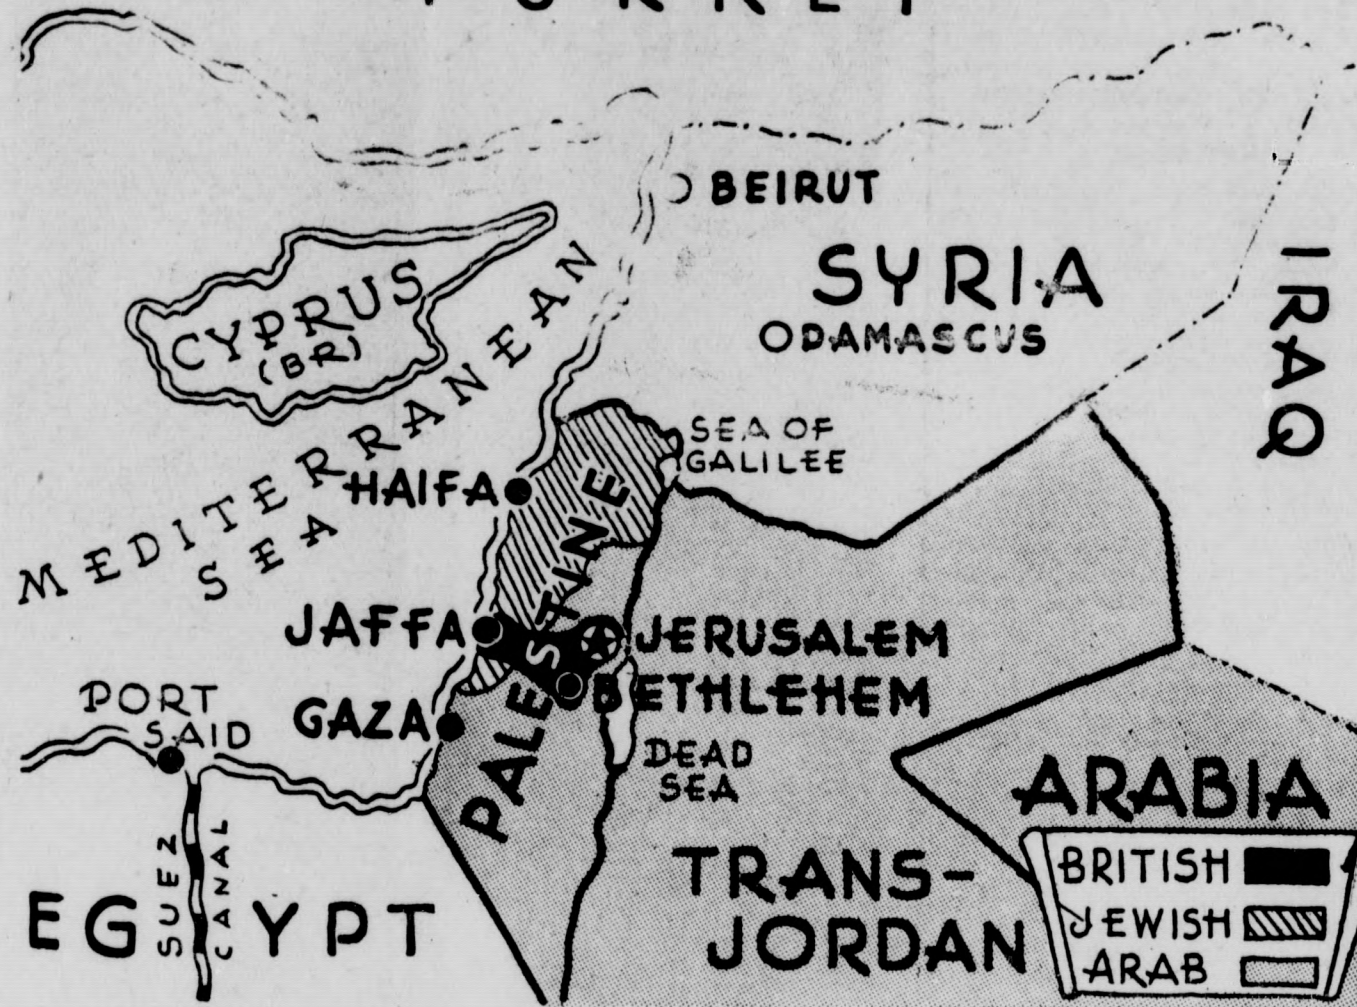

A feature of the program will be the "Frolic" of the Legion, Moose fun order, following election of association officers on Saturday.

An alumni banquet and grand ball comprise the events for Saturday evening.

William A. Anderson, supreme dictator, and Malcolm R. Giles, supreme secretary, of Mooseheart, Ill., will be honored at a Sunday morning breakfast in the Palm Court of Hotel Senator.

The convention will close Sunday afternoon with the impressive ceremony of awarding fellowship degrees to outstanding members of the organization.

How The Holy Land May Be Divided By Britain

Map shows plans of Great Britain for dividing the Holy Land between the Jews and the Arabs as indicated by the key in the lower left hand corner. David Lloyd George, wartime English Prime Minister, denounced the partition of Palestine, saying Great Britain was breaking a solemn covenant with the Jews. Isadore M. Golden of the Pacific Coast Zionist region said: "It is like selling the same piece of property to two different parties." Great Britain would control a central area and the port of Jaffa.

PUTTING DALY CITY ON MAP IN REUNION WAY

Probability State Body of Italian Catholic Federation Will Meet Here This Fall

(Continued from Page 1)

assured his hearers that he would do all in his power to bring to our city a state reunion of the Italian Catholic Federation on the occasion of the official inauguration of the Daly City Board during October of this year.

The meeting was attended by the following city officials and citizens: Mayor Paul G. Selmi, Councilmen Julius Twisten, Ed Cavagnaro, John J. Fahey and Henry Sundermann; Judge Wade H. Clay; Chief of Police James G. Reardon; Deputy District Attorney Louis B. Dematteia; Rev. Father Joseph A. Smith of Our Lady of Perpetual Help Church; W. E. Pitschke, publisher of the Daly City Record, and Joseph Firpo, Carl

Castack, George Rosaia and William Regis, officers of the local branch of the federation.

All present evinced the greatest enthusiasm in bringing such a gathering to our city and each pledged himself to further the proposal with his utmost energy.

The state organization asks that the city be appropriately decorated with flags and lights and that suitable trophies be furnished by Daly City to be awarded to winners in drum corps and band competition.

The state secretary stated there would be a number of drum corps and bands on hand to engage in this competition.

Further details will appear in The Record from time to time.

LOW MILEAGE

Some of the causes of low gasoline mileage are dragging brakes, excessive chocking, valve tappets set too close or late spark.

Other causes are allowing the motor to idle for long periods or racing the motor while standing.

Entertains Past Presidents Club

Mrs. Rena Mathias and Mrs. Alice Oldham were hostesses to the Past Presidents Club of El Carmelo Parlor, Friday evening of last week, at their home on Twenty-sixth avenue, San Francisco.

A pleasant evening was spent playing whist, honors going to Mrs. Matilda Heeringa and Mrs. Mary May.

Delicious refreshments were served at an attractively decorated table, red white and yellow flowers and candles carrying out the colors of the order.

Present at this enjoyable evening were Mrs. Alice Anderson, Evelyn Bemis, Anne Biggio, Christine Hume, Matilda Heeringa, Hattie Kelly, Mary May, Irene Moresco, Frederica Volkman, Catherine Wight, Freda Shade, Hildur Eggers, Helen Meyer and Pauline Quirveo.

The special event will be between Bill Moulden of Mountain View vs. George Polo of Oakland. There will be four other bouts, all consisting of four rounds.

Increased interest is being shown in these monthly Legion bouts and this fine program is expected to draw a capacity crowd. The bouts will start promptly at 8:30 p. m.

OBSERVATION OF THINGS GOING ON IN OUR CAPITAL

Curtailment Of Labor Saving Machinery Will Prove Boon To Workers

How often the newspaper headline events, such as the battle over the President's Court Plan and new outbreaks on the industrial strike front, overshadow news which may not be quite as exciting, but is every bit as important to you and me and every Mr. and Mrs. American Citizen.

Another example of President Roosevelt's farsighted statesmanship was the formation of the committee of nationally known scientists working under the President's National Resources Committee.

This group, in its report to President Roosevelt, states that if certain new machines, which have already proved their practicability, were to be put to work tomorrow millions would be thrown out of employment. The photoelectric cell, if used extensively at the present time, would do the work of a million people. The mechanical cotton picker could throw out of employment a possible five or six million workers in the South.

The committee, headed by Dr. William F. Ogborn of the University of Chicago, urges that special studies be made to determine what national planning may be done to avert the unemployment and consequent hardships to the many wage earners involved.

President Roosevelt heartily commended the work of the committee and issued the following statement, in part:

"A review of new inventions and the problems of change which they carry with them is made for the first time by the Federal Government in this comprehensive survey of technological trends in major industries. For the continuous revision of plans we need continuing surveying agencies.

"While it is certain that much of the unemployment caused by the march of technical advance is absorbed by new occupations born of new industries, it is equally true that in the meantime labor may pay a very heavy price through the readjustment and adaptations necessary on the part of workers whose jobs are affected by change. Employers likewise are deeply affected by swift technological changes producing obsolescence and displacement of capital investment.

"I commend this report for earnest consideration in solving the great problem of how best to conserve and develop our vast national resources."

We, as a people, should welcome new labor-saving inventions, but we must be careful that sad social consequences do not develop along with them. Let us hope that the President receives the utmost support in this new field of national planning.

Coroner Inquest In County Deaths

Coroner William Crosby of San Mateo County held inquests into the deaths of Miss Patsy Hughes of San Francisco who died at Rockaway Beach, and G. Ronconi of Colma, who was found dead at Salada Beach, Tuesday of this week. The inquest was held at 2 p. m. at the undertaking establishment of W. C. Lasswell & Co.

The verdict in the case of Miss Hughes was that death was due to accidental drowning.

In the case of Ronconi it was found that death resulted from a fractured skull from unknown causes.

TENTH

A divinity professor was asked to preside at the baptism of the last-arrived infant in the already crowded home of the minister of the parish. The professor gave out for congregational singing one of the paraphrases often used on such occasions in Scotland:

"Let us," he said, "sing from the second verse, 'As sparks in close succession rise.'"

To his consternation he observed that the congregation seemed unable to repress a tendency to giggle.

Afterwards, asking the minister's man what had been wrong, he received the reply, "You see, sir, the minister's name is Sparks, and yonder is his tenth bairn."—Montreal Herald.

THE WORK GOES ON

"I wish you would come home, hubby; I think the baby has swallowed my pencil."

"I'll be right over, dear. In the meantime what are you doing?"

"Using my fountain pen."

FIESTA OFFICES TO BE REPLICAS OF FALL SHOW

Amateur Gardeners Invited To Make Exhibits—Trophies To Be Awarded

windows to give the most pleasing effects. Ivy and holly have been freely used to add to the setting.

Cut flowers and ferns have been so arranged inside the window display that they form, in miniature, a copy of what the Floral Fiesta will present when it opens at Bay Meadows on September 23.

The interior of the Fiesta headquarters has been gaily festooned with banners and bunting, lending a brilliant and colorful atmosphere to the offices in which details of the show are being worked out.

Meanwhile the Fiesta commission issued an invitation to all amateur gardeners throughout the county to enter their exhibits in the Fiesta.

Available at Fiesta headquarters is the official schedule of exhibits, which gives a full page to amateurs. This information is free to those who call at the offices, 116 B street, San Mateo.

Amateurs are defined in the schedule as those "who do not employ a gardener regularly, or who do most of their gardening themselves."

Numerous cash awards and trophies have already been selected for presentation to amateur arrangements of flowers and plants, cut

flower arrangements, cacti, rock gardens and similar displays.

"The Floral Fiesta is always available to amateurs as well as to commercial growers," said General Manager Chester Lipman. "We have plenty of space available. The importance of amateur exhibits cannot be over-emphasized."

CONTROL MEANS SAFETY

Motor vehicle control in commercial fleets and states with driver's license laws is showing remarkable results in accident prevention, reports the California State Automobile Association.

Commercial vehicles showed accident fatality decreases in 1936 up to 52 per cent while private passenger car deaths rose. The standard driver's license law states lessened their toll while the states with less restrictions had increases.

POPULAR YOUNG DALY CITY GIRL GIVEN SHOWER

Bride To Be Surprised With Presents Given By Friends At Party

The home of Mrs. James Dorrance of Irvington street was the scene of a happy gathering, Friday evening of last week, when Miss Sue McKeown, a bride of the near future, was surprised with a kitchen shower for her new red and white kitchen by a group of girl friends, who have been happily associated with each other since early school days, and a few other invited guests.

Among the varied assortment of gifts nothing seems to have been overlooked for use and convenience for the future bride, and the collection made a gay scene as the packages were opened.

The hostess displayed her artistic ability, for which she is famous, in the arrangement of her dining room.

The table was in white. A cluster of bells was suspended over the center with streamers of smaller bells to the corners. The centerpiece was a wedding cake, surmounted with the traditional bride and groom and decorated with orange blossoms and white doves.

The refreshments were carried out in white and the places were marked with a procession of dainty brides maids, Miss McKeown's being a bride in flowing veil.

Those attending were Mrs. F. J. McKeown, Rill Donham, Etta Moral, Cecelia Kennedy, Viola Miller, Florence Kennedy, Catherine McKeown, Marcie Trier, Catherine Foreman, Gertrude Gehringer, Florence Hopman, Louise T. Cook and Ida Hanley.
